

26th
INTERNATIONAL
EXHIBITION
OF CONSTRUCTION

RE-STA

24-27 APRIL
2019

RESTA

RESTA is the largest Baltic exhibition of construction.

It is aimed at construction industry professionals and end-users interested in construction and renovation.

Every year, RESTA introduces digital solutions and innovations, latest building materials and equipment, as well as landscaping trends.

It is the important B2B event in construction sector that brings together professionals from the Baltic region and neighbouring countries.

It shows novelties and potential of the construction market in the Baltic countries in one place.

It is the only specialized exhibition in the Baltic States that has won recognition of the Global Association of the Exhibition Industry (UFI).

Over **500 companies from Lithuania** and many European countries take part in the Exhibition every year.

VISITORS

Over 40.000 visitors attend the Exhibition each year: Architects, construction engineers, designers, construction specialists, real estate developers, investors, managers of construction companies, municipality representatives, university and vocational school students, and consumers interested in the latest developments in the construction sector.

RESTA 2019

TOPIC:

CONSTRUCTION OF THE FUTURE

In response to the realities of the construction sector (the growing need for environmentally friendly construction and the inevitability of A++ energy efficiency), this year we will focus on innovations and technologies.

THE MOST ADVANCED
CONSTRUCTION

CONSTRUCTION
OF THE FUTURE!

For the 4th year, there will be a **Smart and Digital hall** dedicated to digital construction at the exhibition, where BIM and other smart construction solutions and technologies, good foreign and local practices, will be presented.

FOR THE FIRST
TIME AT THE
EXHIBITION:

Interior Design Alley: presenting construction and interior design ideas and trends

Live Construction Shows: foundation laying, house construction, equipment and tool demonstrations

Landscaping Trends 2019 for terraces, balconies, landscapes

CONTEST

For the third year in a row, the **Most Impressive "Resta" Exhibition Stands contest** will be organized. Not only the stands' project designers and companies will be nominated but also the most successful communication will be evaluated.
